

This summer, NET-A-PORTER is proud to partner with GOOD+ Foundation, a non-profit organization that works to break the cycle of family poverty through the power of donated goods and transformative services.

In support of its mission, we invite you to donate new or gently used children's clothing and books when you receive your order from July 28 – August 13.

Simply choose the Premier same-day delivery option at checkout and hand your donated goods to our driver at the time of your delivery. If you aren't available, please use this sticker to clearly label your donation bag for our driver's attention.
